Sabeth Holland

www.sabethholland.ch

Sensuous shapes, a firework of blazing colour and pure gold - Sabeth Holland's sculptures and paintings evoke entirely positive feelings. To illustrate her concise working process the two here depicted fibreglass sculptures - Treetop and Sweet Blossom Lovable - are individually sculptured by hand, both show a textured but shiny surface with bold, expressive colour harmonies and can be placed outdoors. These like all her works radiate the joy and happiness that are so unmistakably Sabeth Holland.

Treetop Lovable & Sweet Blossom Lovable – 130 x 90 x 70 cm, Polyurethane, Fiberglass, Acrylics, Gold...
